Thanakrit Kunchungtong

Digital Media Engineering Student

Education:

Khonkaen University
Digital Media Engineering(DME)

Skills:

Python programming
C++
C#
C
JavaScript

Objective:

To obtain the position of a web developer in order to collect experience leading to real work in the future.

Experience:

I made a web app that will show the work of our branch for the employer to see the work of each person.

The position I've done is back-end.

I love Python programming language. Made me practice since 2021, which made me quite understand this language very well.
